MEDICAL COUNCIL OF INDIA

New Delhi, the 5th July 1966

No. MCI-Reg/6—Whereas the Medical Council of India has in pursuance of sub-section (1) of section 21 of the Indian Medical Council Act, 1956 (102 of 56), maintained a register known as the Indian Medical Register which contains the names of all persons who are for the time being enrolled on any State Medical Register and who possess any of the recognised medical qualifications under the Act.

Now, therefore, in pursuance of sub-section (2) of section 21 of the Indian Medical Council Act, 1956 (102 of 56), the Registrar, Medical Council of India, hereby directs that supplement to the Indian Medical Register for the year 1965 (i.e. from 1-1-1965 to 31-12-1965) shall be published in the Gazette of India for general information.

V. V. PURI,
Registrar,
Medical Council of India

STATE BANK OF PATIALA**NOTICE***Patiala, the 1st October 1966*

No. SBP No. 23—The undernoted changes in the posting of Bank's staff are hereby notified.

1. Shri K. V. Anand, Officer Grade 'A', officiated as Chief Accountant in addition to his own duties, on the 23rd and 24th September, 1966.

2. Shri Jaspal Singh, Officer Grade 'C', held charge of Delhi branch from the close of business on the 10th September to the commencement of business on the 13th September, 1966, vice Shri J. S. Malhotra.

3. Shri S. S. Trehan, Officer Grade 'C', to be Assistant Accountant, Delhi branch, from the commencement of business on the 9th September, 1966.

D. CHATTERJEE
General Manager

INDUSTRIAL DEVELOPMENT BANK OF INDIA*Bombay, the 4th October 1966*

No. 2—In pursuance of the powers delegated to it by the Board, by resolution dated the 21st December, 1964, in pursuance of Section 7(2), of the Industrial Development Bank of India Act, 1964 (No. 18 of 1964) read with Section 27, of that Act, the Executive Committee has authorised the incumbents of the undernoted appointments in the Development Bank to exercise signing powers on behalf of the Development Bank as shown below :

I. Managers and Deputy Managers :

To endorse and transfer promissory notes, stock-receipts, stock, debentures, shares, securities and documents of title to goods standing in the name of, or held by, the Development Bank and to draw, accept and endorse Bills of Exchange and other instruments in the current and authorised business of the Development Bank and to sign all other accounts, receipts and documents connected with the current and authorised business of the Development Bank.

II. Industrial Finance Officers :

To endorse cheques and bills, to sign receipts in the current and authorised business of the Development Bank and to sign all letters and memoranda, except those communicating the sanction of financial assistance from the Development Bank, emanating from their respective Departments.

III. Assistant Industrial Finance officers and Sub-Accountants :

To sign receipts in the current and authorised business of the Development Bank and memoranda emanating from their respective Departments.

2. For the purpose of this authorisation, a reference to the incumbent of any appointment mentioned above shall be construed also as reference to an official for the time being entrusted with the current duties of such appointment.

S. L. N. SIMHA
General Manager

AGRICULTURAL REFINANCE CORPORATION*Bombay, the 29th September 1966*

No. G.S.R. —In pursuance of Section 32(2), of the Agricultural Refinance Corporation Act, 1963 (10 of 1963), the report of the Board on the working of the

Corporation for the year ended June 30, 1966 and the Balance Sheet and Profit and Loss Account of the Corporation for the year ended June 30, 1966 are published hereunder :

DIRECTORS' REPORT FOR THE YEAR ENDED 30TH JUNE 1966**TO****THE SHAREHOLDERS**

The Directors have pleasure in presenting their Third Annual Report along with the Audited Statement of Accounts for the year ended 30th June 1966.

Approval of schemes and sanction of loan applications during 1965-66.

During the year under review, the Corporation approved 24 special schemes of development and sanctioned refinance for an amount of Rs. 14.17 crores, as against 3 and 9* schemes in the years 1963-64 and 1964-65 and refinance amounting to Rs. 2.45 crores and Rs. 11.95† crores respectively. Details of the schemes approved and refinance sanctioned are given in the Statement on pages 813. It may be observed from the statement that out of 24 schemes 6 relate to the reclamation and development of land and soil conservation in Andhra Pradesh, Maharashtra, Mysore and Rajasthan (8,00,035 acres), 11 to the development of special crops and plantations such as coconut, arecanut, tea, coffee and rubber in Assam, Gujarat, Kerala, Madras, Mysore and West Bengal (26,537 acres) and 7 to the development of poultry farming in Andhra Pradesh, Delhi and Maharashtra. The poultry schemes provide for 2,25,000 layers and 2,98,000 broilers. Of the 24 schemes approved during the year, 10 schemes are to be implemented through central land mortgage banks. The total financial outlay involved in these schemes is of the order of Rs. 16.27 crores, of which the Corporation's share is Rs. 12.48 crores, the balance being met by the respective State Governments. Refinance for the schemes is to be provided by the Corporation in the form of subscription to special development debentures to be floated by the concerned banks. The remaining 14 schemes are to be financed by scheduled banks involving refinance to the extent of Rs. 1.69 crores.

In respect of two schemes for which refinance was sanctioned by the Corporation in the previous year viz. for the reclamation and development of land under the Parambikulam-Aliyar Project in Madras State and the Ghod and Gangapur Projects in Maharashtra State, certain changes in the phasing of the programme were considered necessary by the concerned States and the Corporation has given its approval to the rephasing. The revision in phasing became necessary in the Parambikulam-Aliyar Project Scheme on account of difficulties encountered by the State Government in the implementation of the scheme according to the original schedule such as delay in getting clearance from the Kerala Government for the construction of two reservoirs and the failure of the monsoon in the year 1965. The scheme, therefore, had to be split up into two parts. The first part covers an area of 75,000 acres in three years, viz. 1965-66 to 1967-68, involving a financial outlay of Rs. 4.50 crores for which refinance facilities are assured by us and the second part is to be implemented later after a definite programme is drawn up by the State Government. The implementation of the Ghod and Gangapur Projects Scheme was delayed owing to difficulties experienced in the purchase of heavy machinery for earth work and the time taken in the standardisation of techniques of levelling and bunding and training of the staff and consequently necessitated revision in the phasing of the scheme. Further, the latest developments in the technique of reclamation of lands led to a reduction in the estimated financial outlay on the scheme, from Rs. 109.20 lakhs to Rs. 92.56 lakhs, the Corporation's commitment for the reduced amount being Rs. 83.30 lakhs.

* The number has been reduced from 10 to 9 due to the cancellation of refinance in respect of the scheme for the development of coconut plantation in Visakhapatnam district in Andhra Pradesh.

† The amount has been reduced from Rs. 16.88 crores to Rs. 11.95 crores due to the reduction in the financial outlay of two schemes and cancellation of another scheme as explained in the ensuing paragraphs.

TOTAL					1,796.14	1,417.65	378.49

On a request made by the Andhra Pradesh State Government, the Corporation cancelled for the time being the refinance sanctioned last year to the scheme envisaging the development of coconut plantation in Visakhapatnam district involving a total financial outlay of Rs. 6.92 lakhs since the villages included in the scheme were likely to come under the area proposed for a steel plant in that district.

Schemes sanctioned refinance since inception.

During the three years of its working viz. in the years

1963-64, 1964-65 and 1965-66 the Corporation has sanctioned in all 36 schemes of development, involving a total financial outlay of Rs. 34.73 crores, the Corporation's commitment being Rs. 28.57 crores. Of these, 21 schemes involving a financial outlay of Rs. 32.99 crores are to be financed through central land mortgage banks and 15 schemes are to be financed through scheduled banks. The purpose-wise classification of the schemes sanctioned by the Corporations is given below :

Nature of the scheme	No. of scheme	(Amount in crores of rupees)		
		Total financial outlay Rs.	Corporation's commitment Rs.	State Government's commitment Rs.
1. Land reclamation and development and soil conservation..	15	27.06	22.32	4.74
2. Development of plantation viz. tea, coffee and rubber ..	8	0.78	0.78	—
3. Development of other special crops such a coconut, arecanut and horticulture ..	6	5.93	4.51	1.42
4. Development of poultry farming ..	7	0.96	0.96	—
TOTAL ..	36	34.73	28.57	6.16

It may be seen that as much as Rs. 22.32 crores or about 78 per cent of the Corporation's commitment is for schemes of land reclamation and development and soil conservation.

In addition to the schemes actually sanctioned, several schemes are at present under the consideration of the Corporation. These schemes relate to the (i) reclamation and development of land in the States of Andhra Pradesh, Bihar, Gujarat, Madhya Pradesh and Maharashtra; (ii) development of grape orchards in Andhra Pradesh and Delhi and mango gardens in Andhra Pradesh; (iii) development of plantation crops such as rubber, tea, coffee, etc. in the States of Assam, Kerala and Madras and (iv) development of fisheries in Andhra Pradesh and Mysore. Some of these schemes are at an advanced

stage of examination. In a large number of schemes relating to plantation, scheduled banks are expected to be the financing agencies and progress in this regard would in a large measure depend on their responsiveness to that particular demand.

Disbursements.

As stated in the second annual report, almost all the schemes for which refinance has been provided by the Corporation are to be implemented over a period of years and the actual disbursements in any one year would be small in relation to the total commitments made. During the year under review, the disbursements made by the Corporation aggregated Rs. 4.45 crores. Details of the loans disbursed by the Corporation during the year under various schemes are given in the table below:

(in lakhs of rupees)

Scheme	Financing Institution	Total financial outlay commitment	Corporation's commitment	Amount disbursed by the Corporation
1. K. C. Canal (Land reclamation and development) ..	Andhra Pradesh Co-operative Central Land Mortgage Bank Ltd.	175.00	148.50	54.00
2. Kaddam Project (Land reclamation and development)	—do—	75.00	67.50	18.00
3. Nagarjunasagar Project (Land reclamation and development) ..	—do—	830.80	747.72	301.50
4. Tungabhadra High Level Canal Scheme (Land reclamation and development) ..	—do—	80.00	60.00	24.00
5. Ramadugu (Land reclamation and development) ..	—do—	1.24*	0.93	0.93
6. Thotavaripalem (Land reclamation and development)	—do—	9.43	7.07	1.875
7. Parambikulam-Aliyar Project (Land reclamation and development) ..	Madras Co-operative Central Land Mortgage Bank Ltd.	450.00	337.50	30.00
8. Halmira Estate Tea Pvt. Ltd. ..	National and Grindlays Bank Ltd.	1.80	1.80	1.44
9. Sockieting Tea Co. Pvt. Ltd. ..	—do—	3.00	3.00	2.76
10. M. S. P. Nadar Sons (Coffee) ..	Bank of India Ltd.	37.00	37.00	10.50
TOTAL ..		1,653.27	1,411.02	445.005

In the three years since the inception of the Corporation the disbursements made by it aggregated Rs. 4.90 crores and the Corporation's total commitment amounted to Rs. 28.57 crores.

Changes in loan policy and procedural matters.

In the previous annual reports a reference was made to the loan policy of the Corporation and the procedure to be followed in connection with the availing of refinance facilities from the Corporation. During the year under review, the Corporation was requested by a few co-operative central land mortgage banks to clarify whether refinance facilities would be available from the Corporation for the construction of wells and such other minor irrigation works. The stand of the Corporation in this regard was communicated in its circular letter No. OPS 794/

L.I-65/66 dated September 10, 1965 (copy given in Annexure I). It was clarified that this type of activity viz. the construction of wells by individuals should normally be financed by the land mortgage banks as is being done at present, but where large sums are involved and the schemes are prepared for a compact area through the formation of co-operative irrigation societies instead of leaving the development to take place through individual efforts alone, the Agricultural Refinance Corporation would be prepared to consider such schemes on merits. Subsequently, at the instance of the Government of India, the Corporation reviewed the position in this regard and decided to consider on merits schemes involving the construction of wells, installation of tube-wells, etc., through individual efforts also provided they were compact area development schemes formulated on a pro-

*The original outlay was Rs. 2.84 lakhs and the Corporation's commitment Rs. 2.13 lakhs. The balance amount sanctioned remained undrawn by the financing institution since further implementation was not possible.

ject basis and worked out in an integrated manner with assured inputs, technical aid and administrative and supervisory facilities from the State Government. The Corporation further indicated that the schemes should not be such as to replace the normal financing activities of land mortgage banks in this regard. A copy of the model scheme prepared by the Government of India in the Ministry of Food and Agriculture giving the guidelines for formulating such a scheme of development has been circulated among the central land mortgage banks and the State Governments (Annexure II).

In the previous annual report, a reference was made to the various relaxations made by the Corporation in its policies and loan procedure for providing financial assistance for the development of plantation crops. As stated therein, these relaxations were made in pursuance of the studies undertaken by the Chairman and the Managing Director of the Corporation, as also the various suggestions made at the conference of the representatives of scheduled banks, Statutory Boards and planters convened by the Corporation at Bombay on January 25, 1965. One of the suggestions made at the said conference was that the borrowings of the scheduled banks from the Agricultural Refinance Corporation should not be taken into account in calculating liquidity ratio on the lines of the exemption granted by the Reserve Bank of India to the amount borrowed from the Refinance Corporation for Industry (now merged with the Industrial Development Bank of India). The Reserve Bank examined this suggestion and made the necessary provision for exemption in the Banking Regulation Act, 1949. A copy of the circular letter issued by the Corporation to all scheduled banks in this regard is reproduced as Annexure III.

Conferences, field visits, etc.

The Corporation deputed its officers to various States as and when requests were received from them for assistance in the formulation of schemes of agricultural development. The officers of the Corporation also undertook on-the-spot studies in respect of some of the schemes with a view to verifying the utilisation of loans disbursed by the concerned banks. The various issues arising out of these studies in regard to the progress, utilisation of loans, etc. were brought to the notice of the concerned State Governments and the financing banks for rectification. The Chairman and the Managing Director had discussions with the State Government authorities at the highest level with a view to impressing on them the need to expedite the preparation of worthwhile schemes and proper implementation of the schemes already sanctioned by the Corporation.

During the year under review, the officers of the Corporation were deputed to help the scheduled banks which were willing to come forward to provide long-term finance in finalising schemes of development for plantation crops, poultry development etc. The Corporation also continued its developmental role of bringing the planters and the banks together and tried to persuade the scheduled banks which were reluctant to come forward to enter the field of long term finance.

Membership and share capital.

During the year under review, one state co-operative bank, viz. the Himachal Pradesh State Co-operative Bank Ltd., became a member of the Corporation. The contributions by various categories of shareholders to the share capital of the Corporation as at the end of June, 1966, were as under :

Institution	Section under which shares held	No. of shares	Value of shares (Rs. in lakhs)
(i) Reserve Bank of India	5 (2) (a)	2,500	2,50.00
	5 (4)	454	45.40
(ii) Central Land Mortgage Banks and State Co-operative Banks	5 (2) (b)	1,356	1,35.60
(iii) Scheduled Banks, Life Insurance Corporation of India, Insurance and investment companies and co-operative insurance societies	5 (2) (c)	690	69.00
TOTAL ..		5,000	5,00.00

A list of shareholders as at the end of the year under review is given in Annexure IV.

Statement of Accounts.

From the statement of accounts, it may be observed that after meeting all expenses, the Corporation has made

a net profit of Rs. 15,94,097.01 which, your Directors recommend, may be dealt with as under :

1. To writing off preliminary expenses	Rs.	1,698.00
2. To Reserve Fund	Rs.	1,000.00
3. Towards payment of dividend at 4½ per cent per annum to shareholders	Rs.	15,91,399.01
TOTAL ..	Rs.	15,94,097.01

Since the net profit available for distribution is short of the amount of Rs. 21.25 lakhs required to pay the guaranteed dividend of 4½ per cent by Rs. 5.33 600.99 the Government of India has been approached under Section 6 of the Agricultural Refinance Corporation Act, to make good this short-fall.

Directors.

During the year under review, the following changes took place in the Directors nominated by the Government of India and the Reserve Bank of India :

Name	Post held in the Government of India/Reserve Bank	Date from which appointed
1. Shri K. C. Cheriyan	Chief Officer, Agricultural Credit Department	February 3, 1966
2. Shri S. S. Shiralkar	Additional Secretary, Ministry of Finance, Department of Economic Affairs.	June 1, 1966

During the year five meetings of the Board and two meetings of the Executive Committee were held.

Staff.

The term of the Managing Director, Shri V. Sivaraman, which expired on June 30, 1966 was extended by one year on the existing terms and conditions. The Corporation deputed Dr. M. V. Hate, Secretary of the Corporation, to the Agricultural Development Course conducted by the Economic Development Institute of the International Bank for Reconstruction and Development at Washington from June 28, 1965 to September 17, 1965.

Auditors.

In exercise of the powers vested under Section 30(1) of the Act, your Directors have, with the previous approval of the Reserve Bank of India, appointed Messrs. S. B. Billimoria and Company, as the auditors of the Corporation for the year 1966-67.

On behalf of the Directors
M. R. BHIDE
Chairman

Agricultural Refinance Corporation,
Bombay, Dated August 17, 1966

Bombay Bhadra 19, 1887 (Saka)

Tel. No. 253513
No. OPS. 794/L-1-65/66

To all eligible institutions

Dear Sir,

Refinance facilities from the Agricultural Refinance Corporation

Will you kindly refer to our circular letter No. OPS. 449/L-1-63/64 dated August 26, 1963 on the subject mentioned above? In paragraph 3 of this circular, the purposes for which refinance facilities would be available from the Corporation have been specified. In this connection some clarifications have been sought from us as to whether refinance facilities would be available for construction of wells and such other minor irrigation schemes. This circular is issued to clarify our views in this regard.

2. As you are aware, the main object in starting the Agricultural Refinance Corporation was that those scheme of agricultural development, which from the point of view of either the quantum of finance involved or the terms and conditions of repayment or any other reasons could not be financed by the existing credit agencies including land mortgage banks, should be financed by the Corporation. Viewed from this angle, plantation crops like arecanut, coconut, cashewnut, cardamom, coffee, rubber, tea, etc. have a high priority on the following grounds viz. (1) they are foreign exchange earners; (2) they require a very large initial capital outlay for development; (3) they involve considerable deferment in regard to repayment of principal and in some cases even payment of interest and (4) they have so far not been financed for development purposes by any financing institution. (For instance in the case of tea, as also coffee, repayment can start only from the 7th year after planting, and as regards coconut, in some cases repayment can start only from the 8th or 9th year.) The Governor of the Reserve Bank of India had convened a special conference of scheduled banks in January 1965 to impress upon them the need to take a more active interest in agricultural development schemes. The Reserve Bank has also issued a circular clarifying that financing of agricultural development schemes up to a reasonable extent would not be inconsistent with the requirements of the short-term credit policy of the Reserve Bank of India. Some of the difficulties that have been standing in the way of commercial banks to take an active interest in long-term financing of agricultural development have been cleared and we are receiving proposals from commercial banks for refinance facilities. When scheduled banks begin to take greater interest in this work a large amount of money will be required to meet the demand for plantation crops.

3. The Agricultural Refinance Corporation also finances schemes of reclamation of land so that the existing or proposed irrigation facilities are utilised fully. While there are millions of acres of land which remain totally or partly uncultivated, there is in many areas plenty of water available from irrigation projects already executed, which is inadequately utilised. Left to themselves the land mortgage banks would find it extremely difficult to finance reclamation of millions of acres of land to bring them under cultivation even though this would be one of their normal functions. The Agricultural Refinance Corporation feels that it should help the land mortgage banks in respect of such schemes and has accordingly agreed to provide refinance facilities to some major schemes of land reclamation.

4. Among the schemes which have not so far been taken up by land mortgage banks, apart from those referred to in para 2 above, there are several relating to development of animal husbandry, poultry farming, pisciculture etc. These schemes require finance on a

considerable scale and the only agency that can provide it is the Agricultural Refinance Corporation. Such aid has to be routed mostly through scheduled banks and to some extent through the co-operative credit structure wherever the schemes could be organised co-operatively. We have recently agreed to refinance the State Bank of India in respect of some schemes of poultry farming in Maharashtra involving a financial outlay of Rs. 86 lakhs. A number of other schemes of this nature are also under the consideration of the Agricultural Refinance Corporation.

5. The question of financing minor irrigation schemes has also been engaging our attention. The Corporation is fully aware of the utility of constructing wells in areas where other irrigation facilities are not available and the rainfall is not assured, but where there is abundant subsoil water which could be tapped. If a careful examination of the water table is made, and areas properly located for digging wells, it should be possible to ensure a fair degree of success. The Agricultural Refinance Corporation does not belittle the importance of a programme of well construction in increasing agricultural production in the country, but it feels that this type of activity is more suited for land mortgage banks to handle; it is an activity which they are financing to a large extent already. It is, therefore, felt that this activity may continue to be handled by land mortgage banks as at present. It will be appreciated that the Agricultural Refinance Corporation is not expected to replace land mortgage banks but only to supplement their efforts in financing agricultural development schemes. However, where large sums are involved and schemes are prepared for a compact area through formation of co-operative irrigation societies instead of leaving the development to take place through individual efforts alone, the Agricultural Refinance Corporation would be prepared to consider such schemes on merits.

Kindly acknowledge receipt.

Yours faithfully,
V. SIVARAMAN
Managing Director

To all Central Land Mortgage Banks

Dear Sir,

Financial assistance for area development schemes for construction of wells etc.

This is in continuation of our circular letter No. 794/L-1-65/66 dated September 10, 1965 on the above subject wherein we had clarified our policy in regard to provision of refinance facilities for the construction of wells and other minor irrigation schemes. We had indicated in the last paragraph of the circular that "where large sums are involved and schemes are prepared for a compact area through formation of co-operative irrigation societies instead of leaving the development to take place through individual efforts alone, the Agricultural Refinance Corporation would be prepared to consider such schemes on merits." At the instance of the Government of India our Board has reviewed the position in this regard and decided to consider, on merits, schemes involving construction of wells, installation of tube-wells etc. through individual efforts also provided it is a compact area development scheme formulated on a project basis and worked out in an integrated manner with assured inputs, technical aid and administrative and supervisory facilities etc., from the State Government.

2. In this connection we enclose a copy of the model schemes prepared by the Government of India in the Ministry of Food and Agriculture giving guidelines for

formulating such a scheme of development. A scheme prepared on these lines should, in addition to the information called for in the Government of India's model scheme, give all details indicated in our circular letter No. OPS. 44/L.1-63/64 dated August 26, 1963.

3. We would, however, like to make it clear that while the Agricultural Refinance Corporation would be prepared to consider concrete proposals on the lines indicated in the model scheme enclosed, the scheme should not be such as to replace the normal financing activities of land mortgage banks in this regard.

4. Please acknowledge receipt of this letter.

Yours faithfully,
V. SIVARAMAN
Managing Director

MODEL SCHEME FOR INTENSIVE IRRIGATED AGRICULTURE THROUGH INTEGRATED DEVELOPMENT OF MINOR IRRIGATION (GROUND-WATER SCHEMES) ON COMPACT AREA BASIS

Need for integrated approach—basic requirements in planning the programme.

Experience has shown that in order to derive expeditious and full benefits from the accelerated construction programme of irrigation works, it is essential to adopt an integrated approach in planning and implementing the various phases of the programme and in linking it up properly with other basic agricultural inputs. Recognizing the importance of this approach, it is proposed that the programme planned under the Model Scheme would satisfy the following basic requirements :—

(1) There would be a selective, areawise approach in formulating the programmes so that each specific area selected would be compact and susceptible of integrated harmonious development, covering all the phases of the programme, and amenable to close supervision in implementation.

(2) The programme in each region would have as its central objective the production of one important agricultural crop such as wheat, paddy, sugarcane, groundnut, cotton, jute, vegetables, etc. Of course the overall cropping pattern would be diversified and as intensive as possible, and thus include other suitable crops. But the primary emphasis shall be on one major crop.

(3) All resource requirements and essential phases of the programme would be properly co-ordinated so as to avoid any wasteful imbalance or time lag.

(4) The programme of construction, would be simultaneously and actively supported by an intensive programme of field levelling and preparation, and cultivation on scientific lines.

Contents of the proposed programme

The purpose of the projected programme under this Model Scheme is to initiate an integrated activity covering the various phases and the other essential inputs as outlined above. An integrated and concentrated activity of this type would increase the benefits of the programme manifold, make it highly economic and also render it eligible for assistance of the Refinance Corporation by way of refinance to the Land Mortgage Banks.

Although the programme would vary, in detail, from region to region and project to project its essential ingre-

dients should be as under :—

(A) *Construction of Works.*

(1) Construction of dugwells at suitable sites and with proper spacing, in accordance with the scope and feasibility as determined by ground water surveys and investigations.

(2) Construction of private tubewells provided the scope exists.

(3) Boring of dugwells according to methods most appropriate for the available sub-soil strata in the region for augmenting the discharge of the wells.

(4) Deepening of wells in rocky areas by pneumatic blasting.

(5) Installation of power pumpsets, diesel and electric on wells which have adequate supplies.

(6) Installation of other improved water lifting appliances in accordance with the supplies available in the wells and the lift involved.

(7) Extension of power lines for electrification of pumpsets.

(B) *Land preparation and distribution system.*

(1) Levelling and preparation of lands in relation to topography, soils, cropping pattern and the layout of the field channels.

(2) Alignment and construction of field channels in relation to the lay-out of the fields.

(3) Lining of field channels/providing conduit pipes, wherever feasible.

(4) Providing essential structures and water control equipment on the field channels for proper distribution of water.

(C) *Supporting intensive cultivation programme.*

(1) Planning and introducing intensive cropping, including suitable cropping rotations under local conditions, taking full advantage of the latest high yielding and fertiliser responsive cropping varieties being evolved at different research stations.

(2) Arranging and meeting, on priority basis, the requirements of good seeds, fertilisers, insecticides/pesticides, improved implements, etc. for the intensive cultivation programme in the region.

(3) Making adequate arrangements for meeting the credit needs of the farmers for the above purposes.

(4) Building up cooperative storage, marketing and communication facilities in the region, on priority basis.

Technical supervision/guidance to be provided by the State Government in planning and implementation of the programme.

The State Governments would be responsible for providing technical assistance/guidance on the following aspects of the planning and implementation of the projected programme under the Model Scheme :—

(1) *Surveys & investigations* : It is necessary that the construction programmes should be preceded by appropriate ground-water surveys and investigation so that the available ground-water resources are exploited systematically on sound technical lines. Conducting these surveys and investigations shall be the responsibility of the State Technical Department, which is in charge of the proposed scheme.

(2) *Siting and spacing of dugwells/tubewells* : For planned development of the available ground-water sources and avoiding infructuous expenditure, it is necessary that the wells should be sited and spaced properly.

Active technical guidance and supervision would require to be arranged by the concerned State Technical Department in this regard.

(3) *Boring and deepening of wells* : It would be desirable that boring and deepening of wells for augmenting the discharges should be carried out by the State Technical Department. The Department would require to build up adequate number of boring/deepening units for this purpose.

(4) *Selection of suitable water lifting appliances* : It is necessary that the choice in regard to the type and the size of the water lifting appliances should be exercised on the basis of the water availability in the wells and the irrigation requirements. Technical guidance/advice in this respect would have to be provided by the State Technical Department concerned.

(5) *Land shaping and construction of field channels* : Land shaping and lay-out of field channels have to be carried out on co-ordinated basis and require specialised knowledge. Active technical supervision and assistance would have to be made available by the State Government in this regard. This work can be handled by the Soil Conservation Department in the State and, if necessary, the existing soil conservation units can be strengthened for this purpose.

(6) *Planning and encouraging improved cropping patterns, manurial practices, suitable insecticides/pesticides and other improved agricultural practices* : The State Agriculture Department/Extension Organisation would require to play very active role in this regard. The cultivators would require guidance and persuasion at every stage and the technical advice/guidance imparted in these matters would have to be adequately supported by a well planned programme of research-cum-demonstrations.

Administrative arrangements needed.

The following administrative and organisational measures would have to be taken for ensuring smooth implementation of the projected programme on the lines outlined above :—

(1) The existing technical machinery would have to be suitably strengthened for providing the required technical supervision/guidance outlined in the preceding paragraphs.

(2) The machinery, equipment, material and the finances required for implementing the programme would have to be arranged in time, on priority basis.

(3) The programme of extension of power lines for electrification of the pumpsets/tubewells would have to be properly dovetailed and taken up on priority basis. The planning of this programme would require close liaisons between the executive department concerned and the State Electricity Board.

(4) Adequate arrangements would have to be made for the availability of the co-operative credit required by the cultivators for meeting the demand for essential agricultural inputs.

(5) One specific agency shall be made responsible for planning, co-ordinating and implementing the programme.

Financial pattern and requirements.

The direct financial requirements for the proposed programme would relate to :

(a) Advancing financial assistance in the form of loan-cum-subsidy to the cultivators for the construction of the irrigation works;

- (b) A loan and subsidy for the purchase and installation of pumpsets/water lifting appliances;
- (c) Short/medium term loans for construction of field channels and preparation of land wherever necessary;
- (d) Short-term credit for meeting the requirements of other essential complementary inputs; and
- (e) Any subsidy that may be permissible on items related to (c) and (d) above.

It is envisaged that under the Model Scheme the loan-finance required for the above purposes would be mostly obtained from the co-operative sector; viz. Land Mortgage Development banks. The assistance by way of refinancing of the Refinance Corporation would be assured to the Banks. In addition, the State Government may also financially assist the Banks by way of purchasing of the debentures. The portion of subsidy in the financial pattern envisaged would be provided by the State Governments and would be shareable between the State and Central Governments in proportion of 50 : 50.

In addition to the above, finances would also be required in respect of the following items for implementation of the proposed programme :—

- (a) For carrying out the prior surveys and investigations. This, however, may form part of the existing normal programme of the State.
- (b) Extra Staff that may be needed to strengthen the existing technical machinery in the States for concerted implementation of the programme in specific areas.
- (c) Advance to the State Electricity Board for extension of power lines in the selected areas on priority basis. Availability of finances for this purpose would have to be ensured under the Rural Electrification Programme of the Irrigation and Power sector.

Information to be furnished in the model scheme.

The Model Scheme, prepared for the integrated programme outlined above, shall furnish details on the following points :—

- (1) Introductory information covering need, objectives and scope of the scheme.
- (2) The majority agricultural crop for which the programme is intended.
- (3) Particulars of the compact area selected for implementation.
- (4) The nature of the minor irrigation schemes to be implemented.
- (5) Nature of the ground-water survey and investigations on which the detailed programme is based.
- (6) Steps to be taken for simultaneous preparation and levelling of land and construction of distributary system in the area commanded by the irrigation works.
- (7) Steps proposed to be taken for organising the supporting intensive cultivation programme.
- (8) Agency that shall be in overall charge of the programme.
- (9) Administrative arrangements proposed to be made for co-ordinated and smooth implementation of the programme.
- (10) Staff re-inforcement proposed to be carried out for concerted implementation of the programme in specific areas.
- (11) Financial pattern and the order of finances that would be required from different sources.

(12) Procedure that shall be adopted for verifying the economic status of the farmers and advancing loans-cum-subsidy to them under the programme.

(13) The period for which loans for different purposes would be required.

(14) The rate of interest to be charged from the farmers on the loan.

(15) Whether any remission of the interest or of the outstanding loan would be allowed to the cultivators and if so, to what extent and on what considerations.

(16) Total duration of the scheme.

(17) Year-wise phasing of targets for different items covered under the programme.

(18) Estimated benefits that would accrue from the programme.

(19) Economics of the proposed programme in terms of the cost-benefit ratio.

ANNEXURE III

AGRICULTURAL REFINANCE CORPORATION

No. OPS. 2790/M.IE-65/66 February 21, 1966
Phalgun 2, 1887 (Saka)

All Scheduled Banks

Dear Sir,

Borrowings from the Agricultural Refinance Corporation

At the Conference of the representatives of scheduled banks, planters' associations and others held on January 25, 1965 at Bombay, a suggestion was made to the effect that the borrowings of scheduled banks from the Agricultural Refinance Corporation should not be taken into account in calculating liquidity ratio on the lines of the exemption granted by the Reserve Bank of India. to the amount borrowed from the Refinance Corporation for Industry (now merged with the Industrial Development Bank of India). This suggestion was examined by the Reserve Bank of India. The Reserve Bank has since issued two circular letters in this connection, one in regard to computation of 'net liquidity' position for the purpose of the borrowings from the Reserve Bank of India and the other regarding the Banking Laws (Application to Co-operative Societies) Act, 1965, copies of which are enclosed for your ready reference. It may be observed from the circular dated December 11, 1965 that the loans taken by way of refinance from the Agricultural Refinance Corporation will be one of those borrowings of the banks which will not be taken into account while computing their 'net liquidity' position for the purpose of borrowings from the Reserve Bank of India. The circular dated February 3, 1966 makes it clear that in view of the amendment to clause 'C' of explanation to Section 42(1) of the Reserve Bank of India Act, scheduled banks' borrowings from the Agricultural Refinance Corporation will stand excluded from the liabilities of banks for the purpose of liquidity ratio. These two circulars meet the demand made by the representative

of one of the banks at the Conference referred to above.

2. The receipt of this circular may please be acknowledged.

Yours faithfully,
T. S. K. CHARI
Chief Accountant

BOMBAY-1

Confidential

DBOD. No. Sch. 1994/C.96-65 Post Box No. 1030,
December 11, 1965,
Agrahayana 20, 1887 (Saka)

To all scheduled banks.

Dear Sir,

Borrowings from the Reserve Bank of India

Please refer to paragraph 5 of the Governor's circular letter DBOD No. Sch. 1882/C.96-65 dated the 20th November, 1965. In this connection, we have to advise that the following facility/borrowings availed of by banks will not be taken into account while computing their 'net liquidity' position for the purpose of borrowings from the Reserve Bank of India.

(a) Rediscounting facility availed of by banks from the Industrial Development Bank of India in respect of bills of exchange/promissory notes arising out of sales of indigenous machinery on deferred payment terms, being in the nature of contingent liabilities.

(b) Borrowings from the Agricultural Refinance Corporation.

2. The borrowings from the Agricultural Refinance Corporation, however, will have to be included in the weekly return and shown under items (i) (b) and/or (ii) (b) as the case may be and also indicated separately by way of a footnote to the return. The figure shown against footnote (4) to the weekly return furnished by banks under section 42(2) of the Reserve Bank of India Act should be amended to read as "Total of demand and time liabilities (excluding borrowings from the Agricultural Refinance Corporation)."

3. The information called for in this circular may kindly be furnished in the statement relating to the position as on the 17th December 1965 and in the subsequent statements.

4. The receipt of this circular may be acknowledged to our office to which your weekly statements are submitted.

Yours faithfully,
Sd./—

All banking companies.

Dear Sir,

*The Banking Laws (Application to Co-operative
Societies) Act, 1965*

As you are aware, the Banking Laws (Application to Co-operative Societies) Act, 1965 was passed by Parliament and received the assent of the President on the 25th September 1965. The Act has been published in the Gazette of India Extraordinary (Part II, section 1) dated the 27th September 1965. The Act seeks to extend certain provisions of the Reserve Bank of India Act and of the Banking Companies Act to State co-operative banks, central co-operative banks and the more important primary non-agricultural credit societies, including in particular urban co-operative banks. However, a few of its provisions affect the working of banking companies also and these are reproduced for your ready reference in Annexure 1* to this letter. The implications of some of these provisions are explained below :—

Section 1

The Act will come into force on such date as the Central Government may, by notification in the Official Gazette, appoint. The Government have vide copy of their notification reproduced in Annexure II*) appointed the 1st March, 1966, as the date on which the said Act will come into force.

Section 6

From the appointed date, i.e. the 1st March, 1966, scheduled banks will not be required to treat the amount of any loan taken by them from the Agricultural Refinance Corporation as "liabilities" for the purpose of section 42 of the Reserve Bank of India Act, 1934. The reference to the erstwhile Refinance Corporation for Industry Ltd. has been deleted from that section since that Corporation has been taken over by the Industrial Development Bank of India. It may be mentioned in this connection that the latter had already been notified, under clause (c) of the Explanation to section 42(1) of the Reserve Bank of India Act vide our circular letter DBO No. Ret 55/C.233C-64 dated the 30th October 1964) and as such the liabilities for the purpose of that section did not include loans taken by scheduled banks from it. The name of the Industrial Development Bank of India has now been specifically mentioned in the said clause.

In partial modification of the instructions contained in paragraph 2 of our circular letter DBOD. No. Sch.1994/C.96-65 dated the 11th December, 1965, (addressed to all scheduled banks), the borrowings from the Agricultural Refinance Corporation will have to be *excluded*, from the 1st March 1966, from items (i)(b) and/or

*Not enclosed

(ii)(b) of the weekly return. (Steps are being taken to amend the form of the weekly return). The other instructions contained in the aforesaid letter will, however, remain in force.

Section 11

With effect from the appointed date, i.e. the 1st March, 1966, the Banking Companies Act, 1949 will be referred to as the Banking Regulation Act, 1949 and any reference to the former in any law for the time being in force, or in any instrument or other document will be construed as a reference to the Banking Regulation Act. Consequential amendments in the Banking Companies Rules, 1949 and the forms prescribed thereunder will be carried out in due course.

Section 13

For the purposes of sections 18 and 24 of the Banking Companies Act, 1949, any advance taken by a banking company from the Agricultural Refinance Corporation will not be treated as a liability from the 1st March, 1966. The reference made to the erstwhile Refinance Corporation for Industry Ltd. in section 18 *ibid* has also been deleted. It may be mentioned that even now banking companies are not required to treat any advance taken from the Industrial Development Bank of India as a liability for the purposes of the aforesaid sections in view of clause (b) of the Explanation to section 18 of the Act read with Government's notification No. S.O. 3671-F3(60)-BC/64 dated the 12th October, 1964, (copy furnished with our circular letter DBO. No. Ret 55/C.233C-64 dated the 30th October, 1964). The present amendment specifically includes the name of the Industrial Development Bank of India (along with that of the Agricultural Refinance Corporation) in the aforesaid Explanation.

As regards the returns in Forms III and X prescribed under sections 18 and 24 respectively, borrowings from the Agricultural Refinance Corporation also will have to be *excluded* from items A-1 and A-2 thereof, after the 1st March, 1966. The necessary amendments to the aforesaid forms will be carried out in due course.

2. Receipt of this circular may please be acknowledged and enquiries, if any, be addressed to the office of the Reserve Bank of India to which the returns under the Banking Companies Act, 1949 are being submitted.

Yours faithfully,
Sd./—

Deputy Chief Officer

MINISTRY OF COMMERCE

Textiles Committee

Bombay, the 30th September 1966

No. S.O.—In exercise of the powers conferred on it under section 23 of the Textiles Committee Act, 1963, (No. 41 of 1963) read with sub-clauses (c) and (d) of sub-section 2 of Section 4 of the same act, the Textiles Committee with the previous sanction of the Central Government, makes the following regulations establishing inspection standards for textiles meant for export and specifying the type of inspection to be applied.

Short title

1. These Regulations may be called Mill-made Cotton cloth Inspection Regulations, 1966.

Definitions

2. (a) "Committee" means the Textiles Committee.
- (b) "Lot" means the quantity of the material purporting to be of one definite type and quality.
- (c) "Major flaws" means :—
 - (i) Weft crack or two or more missing picks across the width of the fabrics,
 - (ii) Weft bar due to the difference in raw material count twist, lustre, colour, shade or pick spacing of adjacent groups of weft yarns,
 - (iii) more than two adjacent ends running parallel, broken or missing and extending beyond 6",
 - (iv) prominent selvedge defect,
 - (v) noticeable warp or weft float in the body of the fabric,
 - (vi) oil or other stain in the fabric,
 - (vii) oily weft in the fabric,
 - (viii) prominently noticeable slub or slubby weft,
 - (ix) conspicuous broken pattern,
 - (x) goul due to foreign matter usually lint or waste woven into the fabric,

(xi) coloured flecks,

(a) Prominent pileless spots, uneven or loose piles,

(b) defective raising,

(c) defective hemming (in the case of piled and raised fabrics)

For dyed/printed material

- (xii) blurred or dark patch,
- (xiii) patchy or streaky or uneven dyeing,
- (xiv) dye bars,
- (xv) prominent stains,
- (xvi) printing defect caused by non-alignment or printing screen or roll,
- (xvii) off-side printing stain,
- (xviii) uneven printing or tinting,
- (xix) printing defect caused by hanging threads,
- (xx) printing defect caused by cloth being wrinkled while printing,
- (xxi) bad printing or dyeing on selvedge mainly due to selvedge crease, and
- (xxii) doctor's stain or line
- (d) "Material" means mill-made or powerloom cotton cloth but excludes seconds as defined in the Textile Control Order and clearly stamped as "seconds" narrow width cloth and other cloths like duster cloth, mop-cloth, and cotton waste blankets as may be specified by the Committee from time to time.
- (e) "Serious flaws" means :—
 - (i) more than one adjacent end missing in the body of the material running throughout the piece or more than three ends missing at a place and running over 24 inches or prominently noticeable double end running throughout the piece,
 - (ii) undressed snails noticeable over a length exceeding 5% of the length of the piece,
 - (iii) smash definitely rupturing the texture of the material,

- (iv) hole, cut or tear in the body of the material more than $\frac{1}{4}$ " in size, or pin holes in the body of the cloth.
- (v) reed marks prominently noticeable over a length exceeding 5% of the length of the piece, and,
- (vi) defective or damaged selvedge noticeable over a length exceeding 5% of the length of the piece.

Offering of material for inspection

3. (i) The mills will be responsible for carrying out inspection of the material prior to offering the same for inspection so as to eliminate any material which is not up to the required standard and to rectify the rectifiable defects such as loose threads, snarls, removable stains etc. The Mill flag all the serious and major defects.
- (ii) It will be the further responsibility of the mills to ensure that the number of two-part pieces do not exceed 5% of the total number of pieces offered in the case of grey material and 10% in the case of finished material.
- (iii) The pre-inspected material shall be arranged in lots of about 20,000 meters or the contracted quantity whichever is less, subdivided according to the number of flags in each piece, in a well lighted shed.

Inspection criteria

4. (a) The inspection of the material will be both with reference to specifications and with reference to flaws. The specifications with reference to which inspection will be done, will be—

- (i) specifications of the overseas buyer as stipulated in the relevant export contract, or
- (ii) where the export contract does not spell out any specifications but is with reference to shipment sample, in accordance with the specifications of such shipment sample, or
- (iii) where no export contract exists at the time of offering the material for inspection, the specifications as given by the manufacturer.

(b) In the case of dyed printed and coloured woven material there will be no inspection or test for colour fastness unless the buyer expressly specifies the standards for colour fastness required.

(c) In the case of foreign buyers nominating other agencies to inspect material before shipment, the material will not be re-inspected by the Committee provided.

- (i) the specifications of the foreign buyer are more stringent than the minimum quality standard laid down by the Committee, and
- (ii) the standards and methods of inspection employed by the private agency are acceptable to the Textiles Committee.

Sampling for inspection.

5. The Inspector shall select at random a certain percentage of the total material offered for inspection. This percentage of selection for detailed inspection, shall ordinarily be not less than 5% and not more than 20% of the material constituting the lot with the provision of increasing the percentage higher than 20%, if necessary depending upon the variability characteristics of the material. A minimum of 5% of the pieces offered for inspection, shall be examined for construction particulars, viz., ends, picks width, length and weight per piece.

Drawing of Samples for test

6. A minimum of one sample of a metre full width for every 20,000 metres or part thereof for count of warp and weft will be drawn for tests. The count tests will be carried out, after desizing, of the warp yarn in accordance with IS Specification No. IS-3442-1966.

Sub-standard piece

7. A piece shall be considered to be sub-standard and rejected for any of the following reasons :

- (a) If it does not conform to the construction and other particulars stipulated in the specification and/or the approved sample,
- (b) If it contains any serious flaw, or

- (c) If it contains major flaws in excess of the member indicated in column 2 of Table 1 below :

TABLE—I

Piece length	Maximum No. of major flaws per piece	Average No. of permissible major flaws per piece
Below 10 metres	2	0.8
11—20	3	1.6
21—40	4	2.4
41—50	5	3.2
51—60	6	4.0
61—70	7	4.8
71—80	8	5.6
81—90	9	6.4
91—100	10	7.2
101—110	11	8.0
111—120	12	8.8

Rejection of lot

8. The lot shall be rejected for either or the following defects :

- (a) If more than 20% of the total number of pieces inspected are found to be sub-standard under Regulation 7 or
- (b) the average number of major flaws per piece inspected [excluding the pieces rejected under Regulation 7 (a) & (b)] exceeds that shown in column 3 of Table I under Regulation 7 (c).

Permissible tolerance

9. When determining whether the material conforms to the construction and other particulars stipulated in the specification and/or approved samples, the following tolerances shall be allowed, unless different tolerances are specified in the export contract.

- (a) count of yarn. $\pm 5\%$
- (b) ends $\pm 5\%$
- (c) picks $\pm 5\%$
- (d) Length } As specified in the Govt. of India,
Ministry of Commerce and Industry
- (e) Width } Notification (Trade and Merchandise Marks), New Delhi, dated the 20th September, 1962 copy of the extract given as Annexure-1.
- (f) Weight per piece $+ 5\%$ and -2.5% .

Inspection for construction.

10. When determining construction particulars, the Inspector shall observe the following directions :

- (a) Width shall be measured at five different places in the piece.
- (b) Ends shall be counted at not less than three different places across the width of the piece, and
- (c) Picks shall be counted at five different places in the piece.

Packing and sealing

11. The material inspected and passed shall be marked with the required stamps and packed into bales in the prescribed manner in the presence of the Inspector. Immediately thereafter, the packed bales constituting the lot as a whole shall be sealed by the Inspector.

Certificates

12. In respect of each lot inspected and not rejected under Regulation 8, certificate shall be issued to the party concerned by an Officer of the Committee authorised by the Committee in this behalf. Such certificate shall be issued.

- (a) Where inspection is done in accordance with Regulation 4 (a) (i) and 4(a) (ii), after completion of inspection and necessary laboratory tests

(b) where inspection is done in accordance with regulation 4(a)(iii), after the relevant export contract is entered into and produced to the Committee and after the Committee is satisfied that the material conforms to the specifications given in the contract and,

(c) where inspection is done by an agency, other than the Committee, nominated by the foreign buyer, after the inspection findings are submitted to the Committee by the said agency and the Committee is satisfied that conditions of Regulation 4(c)(i) and 4(c)(ii) are fulfilled.

ANNEXURE I

Extract from the Government of India, Ministry of Commerce, and Industry Notification (Trade & Merchandise Marks), New Delhi dated the 20th September 1962.

1. A trade description of length stamped on grey, bleached mercerised or coloured cotton piece goods :

- (i) in pieces stamped as of length 9 metres and below the stamped length shall not exceed the actual length by more than 1 per cent of the piece length or 7.5 cm. whichever is less; and
- (ii) in pieces stamped as of length above 9 metres the stamped length shall not exceed the actual length by more than 0.6 per cent of the piece length or 7.5 cm. whichever is higher;

Provided that the average length of the pieces in question shall not be less than the stamped length.

2. A trade description of width stamped on grey, bleached mercerised or coloured cotton piece goods :

- (i) in pieces stamped as of width 102 cms. or below, the stamped width shall not exceed the actual width at any point by more than 1.3 cm;
- (ii) in pieces stamped as of width over 102 cms. upto 152 cm, the stamped width shall not exceed the actual width at any point by more than 1.25 per cent of the stamped width of the piece;
- (iii) in pieces stamped as of width 152 cms. and above, the stamped width shall not exceed the actual width at any point by more than 1.25 per cent the stamped width of the piece or 2.5 cm. whichever is less;

Provided that the average width of the piece in question shall not be less than the stamped width.

No. S.O.—In exercise of the powers conferred on it under Section 23 of the Textiles Committee Act, 1963 (No. 41 of 1963) read with sub-clauses (c) and (d) of sub-section 2 of Section 4 of the same Act the Textiles Committee, with the previous sanction of the Central Government, makes the following Regulations establishing standard specifications for Cotton yarn meant for export and specifying the type of inspection to be applied :

Short title

1. These Regulations may be called Mill-Made Cotton Yarn Inspection Regulations 1966.

2. (a) 'Material' means mill-made cotton yarn.

(b) 'Lot' means the quantity of all cotton yarn purporting to be of one definite type and quality.

Inspection procedure

3. The Inspector shall select at random from various parts of the lot, the required number of bales (or cases) in accordance with Table I.

TABLE I

No. of bales (or cases) in a lot	No. of bales (or cases) to be taken
2	1
3 to 4	2
5 to 6	3
7 to 24	4
25 to 50	5
More than 50	10
	per cent

The bales shall be selected as above and examined for the general appearance. If the general appearance of the material is satisfactory, all the bundles in the bale opened may be stamped. (If the yarn is on cones, the individual cones shall not be stamped). From each selected bale or case, the required number of bundles/cones shall be drawn in accordance with Table II.

TABLE II

No. of packages in a bale or a case	No. of bundles to be taken
Up to 25	1
26 to 50	2
51 to 75	3
76 to 100	4
101 to 125	5
More than 125	6

If the number of bundles so drawn is less than 15, further bundles shall be drawn from each selected bale to bring the total number of selected bundles upto 15. If the yarn is on pirns, double the number of bundles (i.e., at least 30) shall be drawn. The bundles/cones so drawn shall constitute the test sample. Each bundle shall be weighed individually and the average weight of the bundle shall be recorded. The required number of samples shall be drawn for carrying out laboratory tests to determine the count,lea breaking strength, turns per inch (if specified) and evenness (if specified) of yarn in accordance with Indian Standard Specifications Nos. (i) IS-237-1951, (ii) IS-239-1951 and (iii) IS-238-1951, respectively.

Criteria for rejection

4. The lot shall be considered sub-standard if the material—

- (a) does not conform to the specification particulars stipulated in the contract, or in its absence,
- (b) does not conform to the requirement in respect of count and CSP of yarn as per the standards laid down in Table III below.

TABLE III

Count	Minimum CSP for classifying into Grade-A	Minimum CSP for classifying into Grade-B
Carded 6s	840	730
" 10s	1,300	
" 12s	1,320	1,150
" 14s	1,330	
" 16s	1,440	1,230
" 18s	1,450	1,250
" 20s	1,560	1,350
" 22s		
" 24s		
" 26s	1,600	1,380
" 28s		
" 30s	1,650	1,400
Combed 30s	1,750	1,500
Carded 32s	1,650	1,400

Count	Minimum CSP for classifying into Grade-A	Minimum CSP for classifying into Grade-B
Combed 32s	1,750	1,500
Carded 36s	1,700	1,400
Combed 36s	1,800	1,500
Carded 40s	1,750	1,450
Combed 40s	1,850	1,550
Carded 44s	1,750	1,450
Combed 44s	1,850	1,550
Carded 50s	1,800	1,500
Combed 50s	2,000	1,700
Carded 60s	1,900	1,600
Combed 60s	2,100	1,800
Carded 80s	2,000	1,700
Combed 80s	2,150	2,000
Combed 100s	2,200	2,050
Combed 120s	2,250	2,100

In the case of doubled yarn, the applicable value of CSP shall be multiplied by 1.18.

Grading

5. The cotton yarn, after inspection, will be classified into Grades-A and B. The minimum standards for these two grades will be as indicated in the Table-III above.

6. In the case of coloured yarn, except where the buyer specified standards of colour fastness, there will be no inspection and tests for colour fastness.

7. When determining whether the material conforms to the specification particulars in the contract or to the requirements of Grade-A or Grade-B, the following tolerance shall be allowed if no tolerances are specified in the contract :

Count	± 5%
Co-efficient of variation for--	
(i) lea breaking strength	upto 10%
(ii) count	upto 5%

8. All the material inspected and passed shall be marked with the necessary stamps and packed with material of prescribed quality in bales/cases in the presence of the Inspector. The Inspector shall then seal the bales/cases in the prescribed manner.

9. A certificate to the effect that the material has been inspected and passed for a particular grade shall be issued to the party concerned by an **Officer of the Committee** authorised by the **Committee** in this behalf.

M. R. RAMACHANDRAN
Secretary

F. No. 80(1)/66/AD.

EMPLOYEES' STATE INSURANCE CORPORATION

Calcutta 13, the 13th September 1966
